

THE GLOBE PROGRAM

July 1 – 12, 2019 For Grades 7-12

The Global Learning and Observations to Benefit the Environment (GLOBE) Program is an international science and education program that provides students and the public worldwide with the opportunity to participate in data collection and the scientific process, and contribute meaningfully to our understanding of the Earth system and global environment.

Join us at the Center of Excellence in Remote Sensing Education and Research on the campus of Elizabeth City State University.

Participants receive hands-on training on GLOBE Hydrology Protocols and:

-  Collect Data from local sites and upload the data to the GLOBE Website
-  Conduct comparison studies from a variety of sampling sites.
-  Travel to Virginia Beach for water collection, Virginia Aquarium Tour, and Dolphin Watch Boat Trip.
-  Learn to use hand-held GPS systems during the Scavenger Hunt at FUN Junction.
