- 3:30 pm - Depart for ECSU
- 5:00 pm - Return to Dixon-Patterson Hall, ECSU campus

Virginia Aquarium

SHARKS 3D is a documentary with a strong conservation message to rehabilitate the shark's public image and help stop the declining shark populations throughout the world. SHARKS 3D will show them as they actually are: not wicked and man-hungry creatures but wild animals that happen to be the most elaborate predators on Earth. <http://www.vmsm.com>.

Dolphin Watching Boat Trip

Observe bottlenose dolphins in their natural habitat aboard the beautiful 65-foot *Rudee Flipper*. Learn about dolphin social behaviors and the latest research studies. The 90-minute boat trips run throughout the day. Dolphin Watch trips leave from the Virginia Beach Fishing Center at Rudee Inlet.

Field Trip Staff

Dr. Linda Hayden, Principal Investigator
Program Coordinator: Mrs. Wanda L. Hathaway, CERSER Education Coordinator
