

YBTS Session 1:

COLOR MIXING ON THE WEB:

Go to this website listed below and experiment with the color mixing program.

<http://imagers.gsfc.nasa.gov/color>

Activity: What colors to mix to give another color (light).

Find the Hex code value for each color by choosing a Red number, Blue number and Green number to give the hex code value.

Color	Red light	Blue light	Green light	Hex Value
Orange				
Blue				
Purple				
Yellow				
Cyan (Sky Blue)				
White				
Black				
Brown				
Pink
