

The College Experience

By Reggie Kelley

About Me

- + Major: Computer Science & Mathematics
- + Classification: Junior
- + From: Camden County, North Carolina

Major

- + I chose to double major in Computer Science and Mathematics because I love math and I love coding. Both are the perfect majors for problem-solving.
- + Plus I'm not a big fan of English and writing essays

Life On Campus

- + Life in the dorm is great. It gives you a chance to have your own freedom and responsibilities. Allows you to connect with fellow students

Study Tips

- + Make sure you set a period of time each day to focus on your work
- + Don't procrastinate, it never works out in the end. Even if you get it done you'll still stress yourself out in the process.
- + Always take notes! It will save you!
- + Remember dates of deadlines and tests, so you can properly prepare for it
