Task Sheet Summer 2019

Name _____ Gender _____

Home Institution _____ Campus Address _____

Cell Phone _____ Email Address _____

Home Phone _____ Home Address _____

Citizenship _____ DOB _____ Place of Birth _____

Classification _____ Graduation (mm/yyyy) _____ Major _____ Minor _____

Complete each of the tasks checked on this list. Have one of the mentors, tutors, or staff members enter their initials when the task has been completed and graded. This sheet must be completed on or before Thursday June 27, 2019 to ensure delivery of final stipend. It is anticipated that you will spend time designated as "open lab" in the research laboratory to complete all tasks on this list.

_____ 1. Participate in the following Webinars. Write a 2-page summary.
 - SGCI Monthly Webinar
 - Computational Science Seminar-v by The National Association of Mathematicians
 - GLOBE Mission Mosquito free webinar Wednesday, June 5, 2019, at 8 pm ET.
   Register: http://bit.ly/Buzz-GO8

_____ 2. Complete four Python programming assignments (Only Derek Morris & Jeff Wood can sign this as complete). Write a 2-page summary of your Python training experience.

_____ 3. Complete Jupyter Notebook assignments (Only Dr. Jerome Mitchell can sign off on this). Write a 2-page summary of your Jupyter Notebook training experience.

_____ 4. Submit Gateway Architecture assignments. (Only Dr. Jerome Mitchell can sign off on this). Write a 2-page summary of your Gateway Architecture training experience.

_____ 5. Participate in the workshop led by Mr. George Cox on Responsible Code of Research. Write a 2-page summary of this ethics seminar training experience.

_____ 6. Complete volunteer applications to Supercomputing 2019. See travel report guidelines. http://nia.ecsu.edu/studentresources/travelguidelines.html.

_____ 7 Complete the required online coding institute evaluation form.

_____ 8. Submit a travel support application for the Gateways 2019 conference in San Diego. See the siencegateways.org website for the student support application.

_____ 9. Submit text for a blogpost describing your future interest in science gateways. Include a gateway professional with whom you would like to intern. Why?

_____ 10. Submit a video, sharing SGCI related experience that have helped you grow in the gateway community. How do you see yourself becoming a contributing part of this community? The video should include your full 4-week experience so this should be the last task sheet item completed.

*Report Format: Two pages (unless specified), single-spaced, 1" margins, Times New Roman, 12 point. All reports may require rewrites.

Notes:
1. Whenever possible include quotes from the webinar/seminar so it is best to take notes during the event.
2. Include the speakers contact info and affiliations.

Training	Trainers
Resumes, Professional Statements	Steffi Walthall
Poster Design & LinkedIn	Jeff Wood
Jupyter Notebooks	Derek Morris,
Unix Shell, Python, GitHub, Mac OS	Derek Morris, Tangee Beverly, Kevin Benton

Team 1	Team 2
Tyrese Robinson	John Senegal
Josselyn Salgado	Walter Asbell
Tangee Beverly	Derek Morris Jr
Edsel Norwood	Kevin Benton
