Your name: Zyquier Brownridge
Your institution: Winston Salem State University
Please insert a photo of yourself (preferably in action during your internship, but not required)

1. Tell us a little bit about yourself, including what you are studying.
   I am Zyquier Brownridge from Raleigh, North Carolina, a rising senior at WSSU. I am majoring in computer science to pursue a career in cybersecurity.

2. Where did your internship take place, and who did you work with?
   SGCI Institute (Elizabeth City State University) although this internship is hosted on zoom due to the corona

3. What are some things that you learned as a result of this internship?
   I am learning more about the terminal and python

4. Do you see yourself engaging with SGCI again in the future? Perhaps when you begin your career?
   Yes if it helps me get better at ethical hacking

5. Anything else to add about your internship experience?
   It is going good I am only learning more important information.
