- JavaScript
- SQL
- Java

ACTIVITIES

ADMI Conference 2018|New Orleans, LA| April 3, 2018- April 6, 2018

Attended the ADMI conference to present my poster on robotics and how it can relate to helping kids with cyberbullying.

ADMI Conference 2019|Memphis, TN| April 11, 2019- April 13, 2019

Attended the ADMI conference to present my poster on cyberattacks against chemical facilities. Shared my findings with the audience and proposed my conclusion.

Grace Hopper Conference 2019|Orlando, FL| Sept 28, 2019- Oct 2, 2019

Attended the conference and networked amongst the others. Joined different sessions about projects and attended the workshops.

DREU Research Internship |Virtual| May 13, 2020- July 24, 2020

Joined the DREU summer internship after I was accepted into the program. Worked on a 10-week long project with my mentor and partner on how to develop a system that can better detect COVID-19

SGCI Institute |Virtual| June 28, 2020- July 30, 2020

Joined the SGCI program after I was accepted. Learned new programming languages throughout the four weeks and was able to get a hands-on idea throughout the entire institute

PEARC Conference |Virtual| July 28, 2020- July 30, 2020

Attended the conference and joined a team where we then developed a project for a few days. Listened to speakers and learned new ideas that can be very useful
