- Java	(Microsoft Word, Excel, Power Point, and Works)

Work Experience

Summer 2005
Undergraduate Research Experience Internship (URE) Elizabeth City State University Elizabeth City, NC

Examined Sea Surface Temperature and Chlorophyll-a effects on the Bottlenose dolphins. With these data I identified these factors that affected the presence dolphins. My field work conducted in Lower Chesapeake Bay and nearshore areas off the coast of Virginia.

Responsible for collecting and presenting data information on Sea Surface Temperature.

Responsible for developing a web page for my research.
